Sport Culture Absentee

Great News! Our school now has a mobile phone app. It will give you instant access to our school information when you click on it, 24/7. The app is going to give parents the ability to instantly access newsletters without going to the website, or to send in an absent note. You can download it to your smartphone by going to either the Apple App Store or Android Google Play Market and search for St Joseph's College Toowoomba. Once you have found it press install or download. Instructions are attached with this letter.

Please ensure you upload this St Joseph's College icon

Let's create your  
best future, *together.*

## Absentee Function

To use the Absentee function, you will need to log on with a given username and password. This is to ensure that students can not send in an absent note. The username and password is below. We ask that you keep this secure and do not reveal to students. Every now and then to ensure security we will provide a new username and/or password and communicate this through email.

## Subscriptions

You can select which groups you would like to receive messages from. Here's how:

- Ensure you have updated the St Joseph's App.
- When you next open the App, go into settings at the top right-hand corner and click the cog icon .
- From here you can choose and save the groups you would like to receive notifications from.
- As groups will be added throughout the year it would be wise to check the groups and update your choice every month or so.
- For example, if you have a son in Year 11 who is in Confraternity but not the Chess Club you would select to receive Year 11 and Confraternity messages only, leaving Chess Club unchecked so you don't receive these alerts.
- Please note: You will still receive messages that apply to the whole school.

We look forward to a great year of communication!
