

School Based Certificate II Civil Construction Traineeship

DGT in partnering with Toowoomba Regional Council are pleased to offer 1 x School Based Traineeship to undertake Certificate II in Civil Construction. This will be based in **Greenmount**. You can expect this qualification will expose you to hands on learning and acquiring skills in;

- Undertaking concreting works
- Operating power tools
- General civil construction
- Erecting temporary fencing
- Repairing potholes

This is a 2 year School Based qualification and students entering Years 10 & 11 in 2020 are encouraged to apply.

Please note this traineeship will suit someone familiar to working in an outdoors environment. If you believe you have the following attributes we look forward to receiving your application;

- Hard working
- Able to follow directions and work in a team environment
- Commitment to work safely and follow all Health and Safety policies and procedures of Council
- Have or be willing to obtain an OH&S White Card
- Ability to get to and from work on your scheduled days
- Diligence to completing the theory modules of the qualification
- Able to balance school and the traineeship and give 100% to both

Shortlisted applicants will be contacted for interviews and aptitude testing.

Email your resume and cover letter to: marsha.schwenke@dgt.org.au

Applications close 8th November 2019 – these traineeships may commence before Christmas or at the start of the School year 2020. For more information please call 1300 010 185
