

School Based Certificate II in Horticulture Traineeships

DGT in partnering with Toowoomba Regional Council are pleased to offer **2 x School Based** Traineeships in Horticulture (Cert II). The depot locations are yet to be determined so please consider your ability to get to and from work. You can expect this qualification will expose you to hands on learning and acquiring skills in;

- Maintaining plants and planted areas
- Harvesting and treating plants
- Constructing horticultural features
- Applying chemicals and biological agents
- Maintaining irrigation and drainage systems

This is a 2 year School based qualification and students entering into years 10 or 11 in 2020 are encouraged to apply.

Please note these traineeships will suit people familiar to working in an outdoors environment. If you believe you have the following attributes we look forward to receiving your application;

- Hard working and physically fit
- Able to follow directions and work in a team environment
- Able to work safely
- Have or willing to obtain an OH&S Construction Industry White Card
- Ability to get to and from work on your scheduled days
- Diligence to completing the theory modules of the qualification
- Being able to balance school and the traineeship and give 100% to both

Shortlisted applicants will be contacted for interviews and aptitude testing.

Email your resume and cover letter to: marsha.schwenke@dgt.org.au

Applications close 8th November 2019 – these traineeships may commence before Christmas or at the start of the School year 2020
