

AllevE8

Creating pathways to employment

Information for schools, parents and students

Health industry

What is AllevE8?

AllevE8 is a school to work transition program developed by the Department of Employment, Small Business and Training (DESBT) for the health industry.

AllevE8 prepares students for employment while they are still at school, through structured workplace learning. It includes one day per week unpaid work experience placement and completion of an industry-endorsed and nationally recognised qualification — HLT23215 Certificate II in Health Support Services.

Students enter the program in Year 11 or 12.

AllevE8 is a partnership between:

- employers who provide the work placement and future employment opportunities for participants, including school-based apprenticeships and traineeships
- registered training organisations (RTOs) that provide the training and assessment services required for the industry-endorsed and nationally recognised qualification
- secondary schools which supply and support the students undertaking the program
- school students who participate and commit to completion of the program while at school
- parents/guardians who support the students to participate and complete the program
- DESBT which provides funding for the provision of the qualification through VET in Schools (VETiS) specifically for this program, and regional officers who facilitate and coordinate the program.

Benefits for schools

Schools are able to:

- provide training and employment opportunities for students
- keep students motivated and engaged at school
- improve student retention rates
- enhance public relations and community promotion
- provide opportunities to understand the needs of local industries.

Benefits for students

Students are able to:

- develop employability skills valued by employers, through legitimate and genuine work activities
- demonstrate that real life work capability provides a competitive edge when applying for jobs
- achieve a Certificate II qualification
- may achieve up to four credits towards a Queensland Certificate of Education (QCE)
- perform satisfying and meaningful work, in a real work environment, consistent with employment goals
- open up their employment opportunities and career pathways.

Benefits for employers

Employers engage in the program to:

- establish an entry level pathway specifically designed to attract youth into their industry
- recruit work ready employees
- improve workforce attraction and retention
- establish their businesses as an employer of choice in local communities.

How do I get more information?

AllevE8 is a school to work transition program. The program improves opportunities for successful transition of students from school to work through stronger links between industry, schools, students and vocational education and training. Click here to view our promotional video
