CURRENT SCHOOL-BASED VACANCIES

Golden West Apprenticeships is currently seeking applications from students looking to undertake a school-based apprenticeship or traineeship. See below our current vacancies.

REFRIGERATION AND AIR-CONDITIONING APPRENTICESHIP - TOOWOOMBA

Position Overview:

The purpose of this school-based Refrigeration and Air-Conditioning Apprenticeship in Toowoomba is to provide the successful applicant with the opportunity to develop skills and knowledge through completing on the job working experience and training with an employer whilst completing a nationally recognised course of training through a registered training organisation.

Duties and Responsibilities:

As a Refrigeration and Air-Conditioning Mechanical Apprentice you will develop the skills and knowledge required to select components, install, set up, test, fault find, repair and maintain refrigeration systems and equipment that apply to food storage and preservation, air-conditioning and air distribution equipment in buildings and premises. The training will also include the regulatory requirements for purchasing and handling refrigerants.

This is a great opportunity to develop skills and knowledge through completing on the job working experience and training with an employer whilst completing a nationally recognised course of training through a registered training organisation.

Essential Criteria:

- A willingness to develop skills and knowledge.
- The ability to listen, follow instructions and ask for assistance when required.

- The desire to make a positive contribution to the workplace by being punctual, showing interest and adhering to the relevant workplace policies and procedures.
- The ability to act responsibly and safely in the workplace.
- The ability to develop effective working relationships both in the workplace as well as with Golden West Apprenticeships team members.
- The ability to complete timesheets correctly and on-time.

Desirable Criteria:

- Work experience in your chosen industry

Position Requirements:

To fulfil the requirements of this Refrigeration and Air-Conditioning Apprenticeship in Toowoomba with Golden West Apprenticeships you will:

- Abide by the terms and conditions of the Training Contract.
- Complete Golden West Apprenticeships inductions.
- Perform work in a satisfactory manner.
- Commit to and complete the Training Plan in the timeframe allocated by completing theory based assessments and demonstrating skills through competency based assessments to the best of your ability.
- Comply with registration relevant to your field of work, in particular the Further Education and Training Act and the Work Health and Safety Act.

What you need to do now!

If you are driven, determined and want to take the next step in your career, this Refrigeration and Air-Conditioning Apprenticeship in Toowoomba is for you.

Apply today at the Golden West Apprenticeships website - www.goldenwest.org.au or phone 1300 650 775 to find out more!

LIGHT VEHICLE MECHANICAL TECHNOLOGY APPRENTICESHIP - TOOWOOMBA

Position Overview:

The purpose of this school-based Light Vehicle Mechanical Apprenticeship in Toowoomba is to provide the successful applicant with the opportunity to develop skills and knowledge through completing on the job working experience and training with an employer whilst completing a nationally recognised course of training through a registered training organisation.

Duties and Responsibilities:

As a Light Vehicle Mechanical Technology Apprentice you will develop the skills and knowledge to service and repair the mechanical components of passenger motor vehicles such as the engine, transmission (clutch, gear box and differential) and the suspension systems (springs, steering, brakes, wheels and tyres). You will also perform tasks including discussing problems with vehicle owners/drivers to discover faults and carrying out diagnosis procedures; and repair and service cooling systems, fuel systems, air conditioning, emission control systems, clutch assemblies, manual and automatic transmissions, braking systems, final drive assemblies, and steering and suspension systems.

This is a great opportunity to develop skills and knowledge through completing on the job working experience and training with an employer whilst completing a nationally recognised course of training through a registered training organisation.

Essential Criteria:

- A willingness to develop skills and knowledge.
- The ability to listen, follow instructions and ask for assistance when required.
- The desire to make a positive contribution to the workplace by being punctual, showing interest and adhering to the relevant workplace policies and procedures.
- The ability to act responsibly and safely in the workplace.
